Projects

Pariwahan | *Code* | *Live*
- Reduced vehicle booking time by 50% with a React.js interface, enhancing user satisfaction.
- Built user and admin login systems with role-based access, and integrated Stripe for secure payments.
- Developed an admin panel for easy management, allowing admins to upload vehicle details and forms.
- Designed the application using Tailwind CSS, achieving a modern and responsive user interface.
- **Tech Stack**: MERN (MongoDB, Express, React, Node.js), Tailwind CSS

BrushBazaar | *Code* | *Live*
- Boosted artist sales by 60% through a responsive React.js interface and seamless shopping experience.
- Ensured the website performs well, works across different web browsers, and adjusts seamlessly to different screen sizes.
- Implemented a secure login system with cookies and sessions, using MongoDB to store user data securely.
- Developed a user-friendly platform where artists can easily sell their artwork.
- **Tech Stack**: MongoDB, Express, React, Node.Js
.

Others

Certification & Training
- **Cyber Offensive-Defense Engineering using python** by cybervidyapeeth Foundation.
- **Diploma in Financial Accounting(DFA)** at Vivekanand Education Foundation.
